

Rock Your Christmas Mini Session!

The Outfit Guide for Looking
Fabulous.

BY MARTINA ART PHOTOGRAPHY

Hello and Welcome!

Hey there, beautiful families and couples! I'm beyond excited to have you join me for your Christmas mini session—woohoo! Now, let's talk about one of the most important parts of the day: choosing the perfect outfits! Your wardrobe will make a HUGE difference in how stunning your photos turn out, so let's make sure you and your family are camera-ready! 🐾 Especially when it comes to family sessions, coordinating (but not matching) is key—it's all about blending your styles beautifully.

Let's dive into some fun tips, tricks, and dos and don'ts to make sure you look absolutely fabulous!

THE MUST-HAVES for a Picture-Perfect Look

1. Stick to Earthy, Neutral Tones
Colors like creams, browns, deep greens, burgundy, and soft grays are your best friends for holiday sessions! These shades not only photograph beautifully but also keep things timeless and elegant.

2. Mix, Don't Match
You don't need everyone in identical outfits! The goal is harmony—think similar styles or complementary colors that work well together. A mix of textures and fabrics (like knits, plaid, or soft lace) will add depth to your photos.

3. Accessorize Smartly
Scarves, hats, or cute headbands? Yes, please! These little details can bring the whole look together. But remember, accessories should enhance, not steal the show. Keep them subtle but stylish.

What to Avoid: Keep It Simple and Chic!

1. **Bright, Bold Colors**
As much as we all love a pop of color, bright reds, neon greens, or loud patterns can clash with the soft, cozy vibe we're going for. Stick to earthy tones for a natural, warm feel!
2. **No Logos or Graphics, Please**
Big logos or graphic tees can take away from the timeless look we want. Let's keep it classic and avoid distracting designs or slogans.
3. **Say No to Mismatched Socks & Shoes**
One small detail that can throw off the whole look: mismatched socks or shoes that don't go with the outfit! Make sure everyone's footwear is clean and complements the overall vibe.

Pre-Session Glow-Up Tips

To really shine in your photos, here are a few things to do the day before (and the morning of) your session.

1. Hair Prep.

Ladies and girls—soft curls or waves will look absolutely dreamy! Guys and boys—get that fresh haircut to keep things neat and polished.

2. Iron Your Outfits.

Wrinkles? No thank you! Be sure to press those clothes the night before so everything looks crisp and clean.

3. Light Makeup is Perfect

4. Get a Good Night's Sleep and stay Hydrate

Rest up! A good night's sleep will make you feel refreshed and ready to shine. Glowy skin looks fab in photos, so make sure you're well-hydrated and moisturized for that radiant, healthy look.

Christmas Glow minis

For this rich Christmas tones setup, here's how to look your festive best:

- Colors to Choose: Deep emerald greens, rich burgundy, navy blue and gold or subtle sequins for that festive sparkle. These tones will pop against the backdrop!
 - Dresses in velvet, satin, or tulle for a magical vibe. Long skirts, cozy knit sweaters, or elegant blouses. Think cozy + elegant, like you're dressing for Christmas Eve dinner. Sweaters layered over collared shirts look super cozy and timeless. Add a touch of sparkle or texture so the photos feel festive without being over-the-top.
 - Boots & Accessories: bows, headbands, or delicate jewelry keep it festive but not distracting.
-

Boho Romantic Look

This setup is all about soft, dreamy vibes, perfect for couples or families! Whether you're leaning toward cozy or chic, here are some tips to pull off that perfect boho look:

- **Outfit Options:** You can choose anything from comfy, cozy sweaters to romantic dresses. For families, flowy fabrics or casual knits create a relaxed, boho feel. If you're a couple, feel free to go all out with a chic dress or keep it laid-back in casual but stylish layers. Totally your call—relaxed or elegant, it's up to you!
- **Soft, Neutral Tones:** Think beige, blush, muted greens, soft whites, and warm browns. Light, airy, and romantic—this is all about subtle elegance.
- **Barefoot or Cozy Socks:** For that dreamy, laid-back feel, go barefoot or wear some cozy, matching socks.
- **Textures are Key:** Lace, knits, and delicate fabrics are what you want. Layer light scarves or simple accessories to add a touch of boho charm.

Final Touches!
